**Hi I'm Mirkó!**

I'm an Informatics student at IMC Krems University of Applied Sciences, focusing on software development. I like building projects, and exploring all things tech. Whether it's web development, software design, or managing databases, I enjoy taking on challenges.

**A little about me outside of tech**

I'm a big fan of gaming. My favorites are Escape from Tarkov, Hollow Knight and Hollow Knight: Silksong, The Dark Souls series, CS:GO, Helldivers 2 and Hades 2. I also like catching a football match now and then, and I never say no to trying some good food!

### My travels

I also like to travel so here are some countries I've already been to:

Croatia/Póla

Croatia/Umag

Greece/Korfu
